

★ NEW

KIRUNA-GRINDER 275 BASIC

Now it is here. The new grinder for professional tool maintenance. With **the new fast-grinding alu-stone** you can grind almost any tool to a speed-steel hardness. Thanks to the mix of small and bigger grits you get a durable sharpness and a very fine row edge easy to whet.

The Kiruna-Grinder 275 Basic is delivered with the new fast-grinding alu-stone, emerywheel and whetdisc.

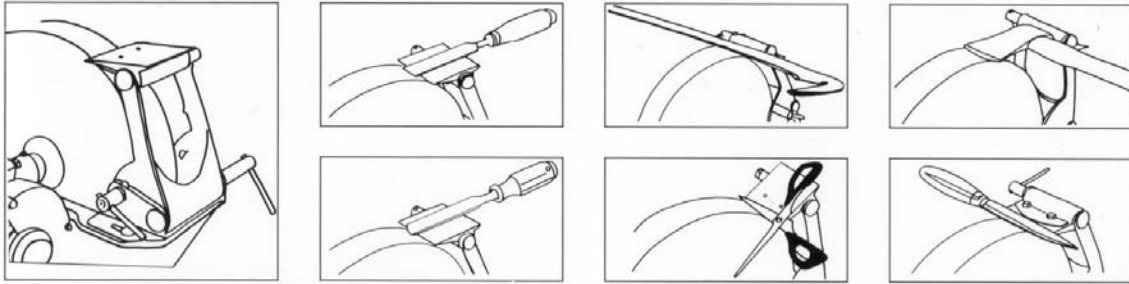

The machine is **CE** and **Ⓢ** approved.
