

★ NEW

KIRUNA-GRINDER 275 PROFESSIONAL

Now it is here. The new grinder for professional tool maintenance. With **the new fast-grinding alu-stone** you can grind almost any tool to a speed-steel hardness. Thanks to the mix of small and bigger grits you get a durable sharpness and a very fine row edge easy to whet.

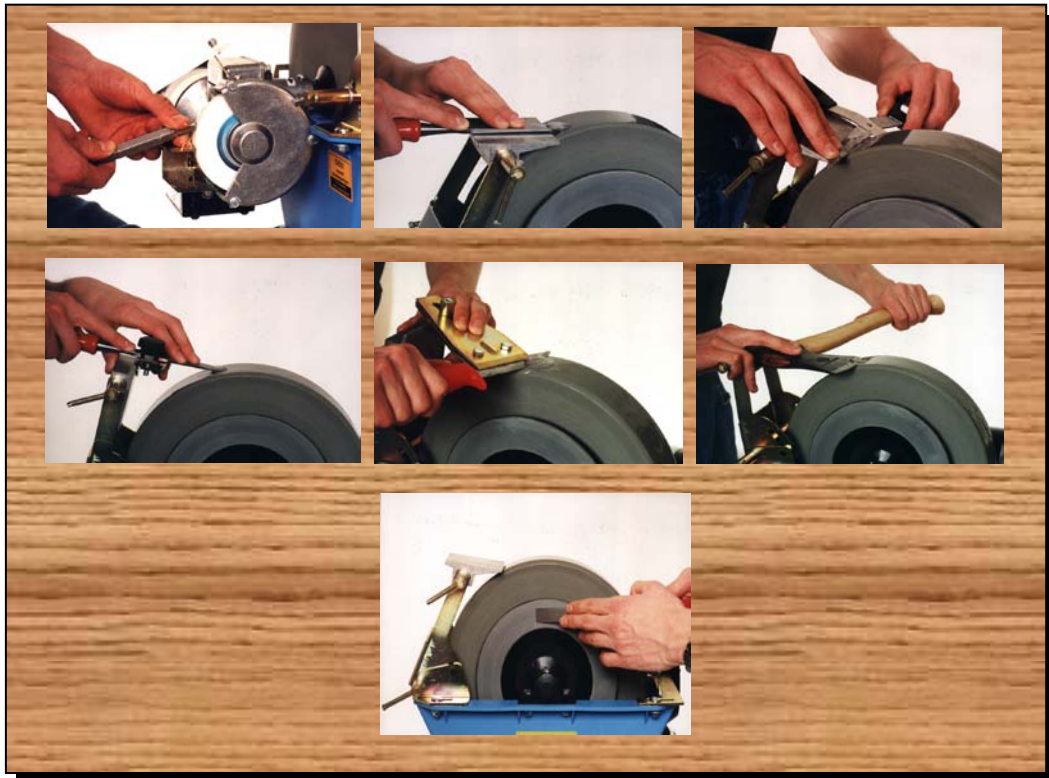

The Kiruna-Grinder 275 is delivered complete with the new fast-grinding alu-stone, grinding support and two grinding fixtures.

The machine is **CE** and **S** approved.
